**Version:** 1.0

**Home Screen:** Displayed on the launch of application showing the main menu and three activities of this application. Click on any of the options.

**Animal Sounds Screen:** Click on any animal image and various animal sounds will excite the toddlers.

**Colors Screens:** These screens have one question each. Try and get the right answer. Swipe to go to next screen. After three questions, it takes to back to main menu.

**Shapes screen:** Drag the image on the left and try to match with the shapes on the right. After all shapes are matched, you can either replay (replay button at top left) or go back to main menu (right arrow button at top right).
